

# ITEMS ACCEPTED AT THE HOUSEHOLD HAZARDOUS WASTE RECYCLING CENTER (HHWRC)

Improper disposal of Household Hazardous Waste (HHW), such as pouring them down the drain, on the ground, into storm sewers, or in some cases putting them out with the regular trash, can pose risks to your health and the environment.

ReWorks' HHW Recycling Center provides Summit County residents with a free and safe option for recycling HHW.

## ITEMS ACCEPTED AT THE HHWRC

To follow is a listed of items accepted at the Household Hazardous Waste Recycling Center. Items marked with \* require special handling or can be recycled elsewhere during the months when our facility is closed.

## LATEX PAINT DISPOSAL

Dried out Latex Paint (water-based) is an acceptable item for curbside trash. To solidify, follow these simple instructions:

- » Mix absorbent material (i.e. cat litter, sawdust, shredded newspaper) into paint and allow mixture to dry thoroughly. Use a 50/50 mixture to ensure the quickest dry time; or
- » Let the paint dry out. Simply remove the lid and sit the paint can in a well-ventilated area (this works best for small quantities of paint); or
- » Pour thin layers (about 1" of paint) into a disposable pie plate or cardboard box lined with plastic and allow the paint to dry one layer at a time. Repeat the process until all the paint is dry.
- » Once paint is dry, leave the lid off the can and place in your regular trash.

# MAKE RECYCLING WORK!

## Do not recycle these items curbside.

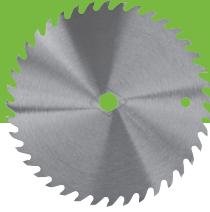

### PLASTICS

- Styrofoam
- Hangers
- Garden Hoses

### ORGANICS

- Yard Waste
- Food Waste

### METAL

- Chains
- Hardware Tools
- Auto Parts
- Hangers

### MEDICAL WASTE

- Medicine
- Syringes

### GLASS

- Light Bulbs
- Window Pane
- Drinking Glasses

### OTHER

- Trash
- Shoes / Clothing

## CURBSIDE RECYCLING ALTERNATIVES

### > LATEX PAINT DISPOSAL

Dried out latex paint (water-based) is an acceptable item for curbside trash. You can mix absorbent material (i.e. cat litter, sawdust, shredded newspaper) into paint and allow mixture to dry thoroughly or simply remove the lid and let the paint dry out.

### > AUTOMOTIVE OIL RECYCLING

Call your local oil changing stations or auto parts store to recycle your automotive oil.

### > SCRAP TIRE RECYCLING

#### Lightner Tire

780 E. Waterloo Rd., Akron  
330.724.7436
